Independent Auditor's Report

The Governing Body Youth Leadership Academy

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Youth Leadership Academy, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Youth Leadership Academy's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Youth Leadership Academy, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Youth Leadership Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Youth Leadership Academy management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Youth Leadership Academy's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve

collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Youth
 Leadership Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Youth Leadership Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Youth Leadership Academy's basic financial statements. The other supplementary financial information is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary financial information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary financial information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 15, 2024, on our consideration of Youth Leadership Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Youth Leadership Academy's internal control over financial reporting and compliance.

YOUTH LEADERSHIP ACADEMY MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2024

As management of Youth Leadership Academy (the School), we offer readers of the School's audited financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2024. We encourage readers to read the information presented herein in conjunction with additional information that we have furnished in the School's financial statements, which follow this narrative.

FINANCIAL HIGHLIGHTS

- The assets of the School exceeded its liabilities at the close of the fiscal year by \$35,582 (net position), versus \$90,347 in the prior year.
- Governmental activities decreased the School's net position by \$54,765, verses a decrease of \$137,018 in the prior year.
- The School's governmental funds reported combined ending fund balances of (\$122,680), versus (\$60,533) in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements consist of three parts: management's discussion and analysis, the basic financial statements, and required supplementary information. The basic financial statements consist of two kinds of statements that present different views of the School. The first two statements are known as the government-wide financial statements that provide both short-term and long-term information about the School's overall financial status in a format similar to that of a regular business. The remaining statements are fund financial statements that focus on individual segments of the School's finances by sources and uses of funds. The government funds statements tell how basic services such as education were financed in the short-term as well as what remains for future spending. Fiduciary funds statements provide information about the financial relationships in which the School acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the School's budget for the year.

BASIC FINANCIAL STATEMENTS

The first two statements in the basic financial statements are the government-wide financial statements. They provide both short and long-term information about the School's financial standing. The next statements are fund financial statements. These statements focus on the activities of the individual segments of the School's government. These statements are more detailed than the government-wide financial statements. Immediately following the fund financial statements are the Notes to the Financial Statements (the Notes). The Notes offer a detailed explanation of the data contained in those statements. Next, Supplemental Information is provided to show details about the School's funds. Budgetary information for the School also can be found in this section of the statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide the reader with a broad overview of the School's finances, similar in format to the financial statements of a private-sector business. The government wide statements provide short and long-term information about the School's financial status as a whole. The two government-wide statements report the School's net position and how it has changed. Net position equals the difference between the School's total assets and total liabilities. Measuring net position is one way to gauge the School's financial condition. The government-wide statements include most of the School's basic functions such as instructional services and support services. These functions are funded almost entirely through state, county, and federal educational funds.

FUND FINANCIAL STATEMENTS

The fund financial statements provide a more detailed look at the School's most significant activities. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The School uses fund accounting to ensure and reflect compliance, or non-compliance with finance-related requirements, such as the School's budget, where and when applicable. All of the funds of the School are governmental funds.

Governmental funds - Governmental funds are used to account for functions reported as governmental activities in the government-wide financial statements. Most of the School's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and monies remaining at year-end that will be available for spending in the next fiscal year. Governmental funds are reported using the modified accrual accounting method, which provides a short-term spending focus. The governmental fund financial statements assist the reader in determining whether there has been an increase or a decrease in the financial resources available to finance the School's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation, which is an integral part of the fund financial statements.

The School has elected to adopt an annual budget. The budget incorporates input from the faculty, management, and the Board of Directors of the School and specifies which activities will be pursued and which services the School will provide during the year. It also authorizes the School to obtain funds from identified sources to finance current period activities. The budgetary statement demonstrates how well the School has complied with the budget and whether or not the School has succeeded in providing the services as originally planned.

Notes to the Financial Statements - The notes provide additional information essential to facilitating a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as one useful indicator of a School's financial condition. The assets of the School exceeded liabilities by \$35,582 as of June 30, 2024. \$158,262 reflects the School's investment in capital assets (e.g. building, furniture and fixtures, and equipment), less any related debt still outstanding that was issued to acquire those items. The School uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the School's investment in its capital assets is reported net of any outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. The remaining net position of (\$122,680) is unrestricted.

,

Youth Leadership Academy's Condensed Statement of Net Position

	FY 2024	FY 2023
Current Assets	\$965,567	\$461,632
Capital Assets - Net	158,262	150,880
Total Assets	1,123,829	612,512
Current Liabilities	1,088,247	522,165
Total Liabilities	1,088,247	522,165
Net Investment in Capital Assets	158,262	150,880
Unrestricted	(122,680)	(60,533)
Total Net Position	\$35,582	\$90,347

Aspects of the School's financial operations influenced the total unrestricted governmental net position:

• Expenses related to the School's General Revenue Programs were greater than the related revenues for these programs.

Youth Leadership Academy's Changes in Net Position

	FY 2024	FY 2023
Operating Revenues		
County, State, Federal Funds	\$3,231,709	\$3,142,334
Charges for Services	180,362	149,558
Non-Operating Revenues		
Interest and Miscellaneous	19,194	14,467
Total Revenue	3,431,265	3,306,359
Operating Expenses		
Instruction	3,108,392	2,789,415
Support Services	361,727	637,797
Community Services	15,911	16,165
Total Expense	3,486,030	3,443,377
Increase (Decrease) in Net Position	(54,765)	(137,018)
Total Net Position, Beginning of Year	90,347	227,365
Total Net Position, End of Year	\$35,582	\$90,347

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds - The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of usable financial resources. Such information is useful in assessing the School's financing requirements. Specifically, unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General fund is the chief operating fund of the School. At the end of the current fiscal year, unassigned fund balance of the General fund was (\$122,680).

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets – The School's investment in capital assets for its governmental activities as of June 30, 2024, totals \$158,262 (net of accumulated depreciation). Capital assets include any building, building improvements, curriculum and equipment.

Youth Leadership Academy's Capital Assets

	FY 2024	FY 2023
Capital Assets being Depreciated:		
Buildings and Improvements	\$278,659	\$278,659
Equipment and Curriculum	94,209	59,094
Total Capital Assets being Depreciated	372,868	337,753
Less: Accumulated Depreciation	(214,606)	(186,873)
Total Capital Assets being Depreciated, Net	\$158,262	\$150,880

Additional information about the School's capital assets can be found in Note 3 of the Notes to basic financial statements.

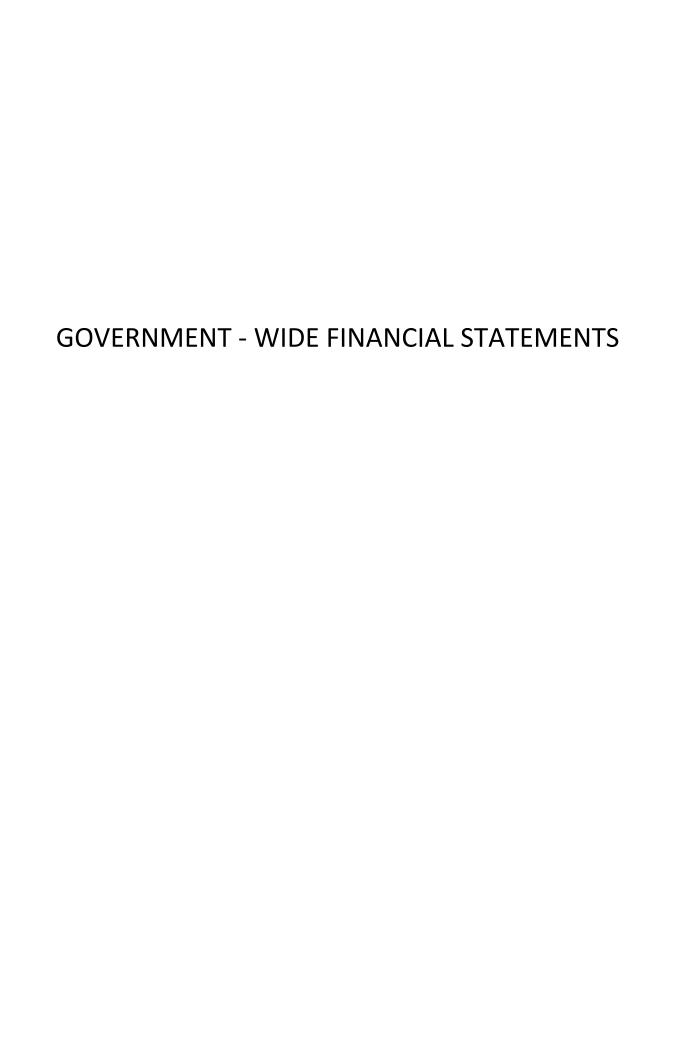

ECONOMIC FACTORS

The following key economic indicators reflect the growth and prosperity of the School:

- The School continues to see community support as evidenced by the volunteerism, local organizations donating classroom and office supplies, private donations, and support through fund raising.
- The School has a returning staff of professionals that are committed to the School.
- The School continues to seek both federal and private grant funds to supplement its EFA funding.

REQUESTS FOR INFORMATION

This report is designed to provide an overview of the School's finances for those with an interest in this area. Questions concerning any of the information found in this report, or requests for additional information, should be directed to the Principal, Youth Leadership Academy, 698 Concord Church Road, Pickens, South Carolina, 29671, telephone number (864) 878-1103.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE

GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

YEAR ENDED JUNE 30, 2024

Net Change in Fund Balances - Governmental Funds

\$ (62,147)

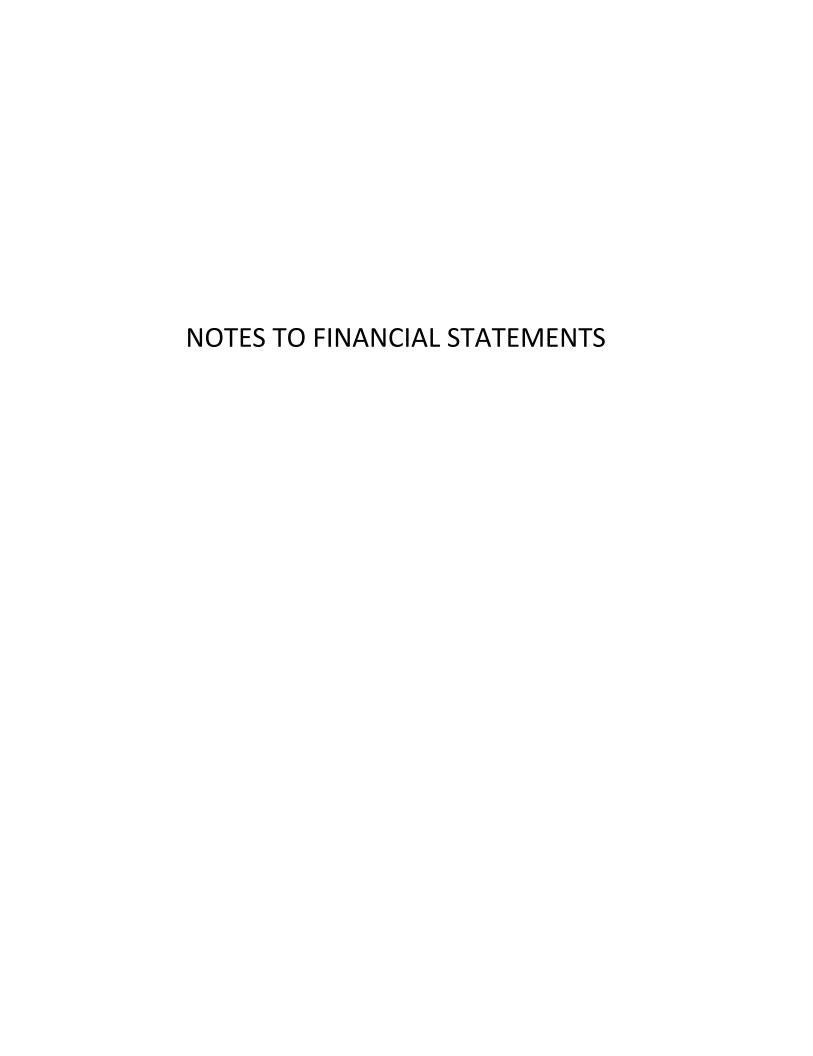

Amounts reported for the governmental activities in the statement of activities are different because:

The governmental funds report capital asset additions as expenditures. However, in the Statement of Activities, capital outlay expenditures that qualify as capital assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense of \$27,733 was exceeded capital asset additions of \$35,115 in the current period.

7,382

Change in Net Position - Governmental Activities

\$ (54,765)

NOTES TO THE BASIC FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Youth Leadership Academy (the School) was created in 2011 through a charter granted by the South Carolina Public Charter School District (SCPCSD). The School began operations in 2012. The School is a discretely presented component unit of SCPCSD.

The School's mission is to help each student discover and come into confident possession of his/her unique abilities, demonstrate mastery of the academic foundational standards necessary for a successful future, and establish qualities that will enable him/her to become a healthy, productive citizen and community leader. The School seeks to offer this format of education to 6th through 8th grade students.

A. The Reporting Entity

The Board of Directors (the "Board") of the School determines the operating policies and such policies are implemented by the School's staff. As of June 30, 2024, the School's volunteer Board is as follows:

Betsy Anthony
Nick McLellan
Rebecca Willis
Chris Elrod
Matthew Kutelik
Janel Crowder

Ryan Smith
Sydney Cox
Brittany Kelley
David Orr
Brittany Clark

These financial statements present the School, which is a component unit of South Carolina Public Charter School District. The School is a legally separate entity that is in substance part of the School District's operation.

B. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the School. For the most part, the effect of interfund activity (except for interfund services provided and used between functions) has been removed from these financial statements. *Governmental activities*, which normally are supported by intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent, on fees and charges for support. The School does not engage in any material *business-type* activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *general revenues*. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School.

The **government-wide financial statements** are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the School gives or receives value without directly receiving or giving equal value in exchange, includes intergovernmental revenues, grants, and donations. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. The government-wide financial statements are prepared using a different measurement focus from the manner in which the governmental fund financial statements are prepared (see further detail below).

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

B. Measurement Focus, Basis of Accounting, and Basis of Presentation (continued):

Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements and the governmental fund financial statements.

The government-wide financial statements are prepared using a different measurement focus from the manner in which the governmental fund financial statements are prepared (see further detail below). Governmental fund financial statements therefore, include reconciliations with brief explanations to better identify the relationship between the government-wide financial statements and the governmental fund financial statements.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Intergovernmental revenues, external service reimbursements and interest associated with the current fiscal period are all considered to be measurable and susceptible to accrual and so have been recognized as revenues of the current fiscal period. For this purpose, the government generally considers revenues to be available if they are collected within 60 days of the end of the current fiscal period with the exception of certain reimbursement expenditure grants for which a twelve month availability period is generally used.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, lease purchase expenditures, capital lease expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payments are due and payable. Capital asset acquisitions are reported as capital outlay expenditures in the governmental funds. Proceeds of long-term debt, lease purchase obligations, and acquisitions under capital leases are reported as other financing sources. Fund financial statements report detailed information about the School. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. When both restricted and unrestricted resources are available for use, it is the School's practice to use restricted resources first, then unrestricted resources as they are needed.

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The following major funds and fund types are used by the School.

Governmental Fund Types are those through which most governmental functions of the School are financed. The School's expendable financial resources and related assets and liabilities are accounted for through governmental funds. The governmental funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. The School's only governmental funds and its major funds are as follows:

The *General Fund, a major fund and a budgeted fund,* is used to account for all financial resources except those required to be accounted for in another fund. All revenue, charges for services, Education Finance Act revenue, and miscellaneous revenue are recorded in this fund except amounts which are specifically collected in a fiduciary capacity. Operational expenditures for general instruction, support services, general administration, and other departments of the School are paid through the General Fund.

The **Special Revenue Funds** account for the operations of federal and state projects, which are required by the South Carolina State Department of Education to be accounted for in separate funds.

NOTES TO THE BASIC FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

B. Measurement Focus, Basis of Accounting, and Basis of Presentation (continued):

The **Education Improvement Act Fund** is used to account for the School's expenditures as a result of receiving state funds used in a comprehensive education reform plan which are required to be accounted for in separate programs and strategies.

The School did not have any non-major funds as of June 30, 2024.

C. Cash

The School considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased and money market mutual funds to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) and other non-money market mutual funds are reported as investments.

D. Receivables and Payables

During the course of its operations, the School has numerous transactions occurring between funds. These transactions include expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers in (out). To the extent that certain transactions between funds had not been paid or received as of year-end, balances of interfund receivables or payables have been recorded.

All trade receivables are shown net of an allowance for uncollectible amounts (if material). Trade receivables are comprised of amounts due from entities and individuals for a variety of types of fees, charges and services.

E. Prepaid Items

The costs of prepaid items are accounted for using the consumption method (expensed when consumed).

F. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of an asset or materially extend an asset's life are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and Improvements	10 - 40
Equipment and Curriculum	5 - 7

NOTES TO THE BASIC FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

G. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method (as it approximates the effective interest method) if material. Debt is reported net of applicable bond premiums and discounts.

In the governmental fund financial statements, bond premiums, discounts and bond issuance costs are recognized immediately. The face amount of debt, lease purchases, or capital leases issued is reported as other financing sources. Premiums received on issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

In general, payables and accrued liabilities that will be paid from the governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current financial resources. However, claims and judgments, debt, lease purchases, capital leases, compensated absences, and other related long-term liabilities that will eventually be paid from the governmental funds are not reported as a liability in the fund financial statements until due and payable.

H. Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide columnar presentation.

I. Due from Other Governmental Units

Amounts due from other governmental units represents amounts owed to the School from the District for grant/contractual funding related to the School year ending June 30, 2024 that has been earned but not yet received as of June 30, 2024. The receivable balances totaled \$17,062 at year-end.

J. Fund Balance

In accordance with GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions" ("GASB #54"), the School classifies its governmental fund balances as follows:

Nonspendable – includes amounts that inherently cannot be spent either because it is not in spendable form (i.e. prepaids, inventories, etc.) or because of legal or contractual requirements (i.e. principal on an endowment, etc.).

Restricted – includes amounts that are constrained by specific purposes which are externally imposed by (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

J. Fund Balance (continued):

Committed – includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action made by the highest level of decision making authority (School Board) before the end of the reporting period. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Assigned – includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed and for which such assignments are made before the report issuance date. The School Board formally granted the School Administrator the right to make assignments of fund balance for the School.

Unassigned – includes amounts that do not qualify to be accounted for and reported in any of the other fund balance categories. This classification represents the amount of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount.

The School generally uses restricted amounts to be spent first when both restricted and unrestricted (committed, assigned, and unassigned) fund balance is available unless there are legal documents, contracts, or agreements that prohibit doing such. Additionally, the School generally would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

K. Net Position

Net position represents the difference between assets and deferred outflows (if any) and liabilities and deferred inflows (if any) in the statement of net position. Net position is classified as net investment in capital assets; restricted; and unrestricted. Net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Outstanding debt which has not been spent is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments.

L. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for expenditures are recorded to reflect the use of the applicable spending appropriations, is used by the governmental funds during the year to control expenditures. Encumbrances do not constitute expenditures or liabilities. For budget purposes encumbrances and unused expenditure appropriations lapse at year end.

M. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO THE BASIC FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 2 – DEPOSITS AND INVESTMENTS:

The School is authorized by South Carolina state law to invest in the following types of investments:

- A) Obligations of the United States and agencies thereof;
- B) General obligations of the State of South Carolina, or any of its political units;
- C) Banks and savings and loan associations to the extent they are guaranteed by the Federal Deposit Insurance Corporation (FDIC);
- D) Deposits in Certificates of Deposit where the certificates are collaterally secured by securities of the type described in (A) and (B) above, held by a third party as escrow agent or custodian, or a market value not less than the amount of the Certificate of Deposit so secured, including interest;
- E) The State Treasurer's Local Government Investment Pool (monitored by the State Treasurer for investments invested in government guaranteed securities in accordance with South Carolina state laws);
- F) Repurchase agreements.

At June 30, 2024, the carrying amount of the School's cash was \$948,505 and the bank balance was \$953,185.

<u>Custodial credit risk for deposits</u> - Custodial credit risk is the risk that the School's deposits will not be returned to it. The School has no formal policy regarding custodial credit risk. The total cash balances are insured by the FDIC up to \$250,000 per bank. From time to time during the year, the School may have cash on deposit with banks that exceeds the balance insured by the FDIC.

<u>Custodial credit risk for investments</u> – Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School does not have an investment policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina.

<u>Credit risk for Investments</u> - South Carolina statutes authorize investments in certificates of deposit, savings accounts, repurchase agreements, the State Treasurer's Local Government Investment Pool, and obligations of the United States Government and government agencies unconditionally guaranteed by the United States Government. The School has no investment policy that would further restrict its choices.

<u>Interest rate risk for Investments</u> - The School does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Concentration of credit risk for Investments</u> - Concentration of credit risk is the risk of loss attributed to the magnitude of the School's investments in a single issuer. The School does not have a policy that limits the amount that may be invested in any one issuer.

NOTES TO THE BASIC FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 3 – CAPITAL ASSETS:

Capital asset activity for the year ended June 30, 2024, is as follows:

	June 30, 2023		Increases		Decreases		June 30, 2024	
Governmental Activities:								
Capital Assets, Being Depreciated Building and Structures Building Improvements Equipment	\$	231,570 47,089 59,094	\$	- - 35,115	\$	- - -	\$	231,570 47,089 94,209
Total capital assets, being depreciated		337,753		35,115		-		372,868
Total capital assets, cost		337,753		35,115		-		372,868
Less accumulated depreciation:								
Building and Structures		94,530		22,519		-		117,049
Building Improvements		47,089		-		-		47,089
Equipment		45,254		5,214		-		50,468
Total accumulated depreciation		186,873		27,733		-		214,606
Total capital assets, being depreciated, net		150,880		7,382		-		158,262
Total Governmental Activities Capital Assets, Net	\$	150,880	\$	7,382	\$	-	\$	158,262

Depreciation expense of \$22,519 and \$5,214 is charged to instruction and support services, respectively.

NOTE 4 – INTERFUND ACTIVITY:

Transfers from and to other funds for the year ended June 30, 2024 consisted of the Education Improvement Act transferring \$542,093 to the General Fund.

NOTE 5 - RELATED PARTIES:

The School is a component unit of the SCPCSD's financial statements. Annual funding allocated from the SCPCSD to the School during the year ended June 30, 2024 is approximately \$3,295,000. The District additionally provides services to the School at fair market value. The School paid the District \$63,748 for these services.

NOTE 6 - CONTINGENCIES:

Grants

The School participates in a number of federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The amount of program expenditures which may be disallowed by the granting agencies cannot be determined at this time although the School expects such amounts, if any, to be immaterial.

NOTES TO THE BASIC FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2024

NOTE 6 – CONTINGENCIES (CONTINUED):

Litigation

The School may be party to various legal proceedings incidental to its operation. Certain claims, suits and complaints arising in the ordinary course of business may be filed or are pending. In the opinion of management, all such matters are adequately covered by insurance or if not so covered, are without merit, or involve such amounts as would not have a significant effect on the financial position of the School if disposed of unfavorably.

NOTE 7 – SUBSEQUENT EVENTS:

Subsequent events have been evaluated through October 15, 2024 which is the date the financial statements were available to be issued.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Independent Auditor's Report

The Governing Body Youth Leadership Academy

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Youth Leadership Academy as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Youth Leadership Academy's basic financial statements, and have issued our report thereon dated October 15, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Youth Leadership Academy's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Youth Leadership Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of Youth Leadership Academy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Youth Leadership Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

October 15, 2024

SCHEDULE OF FINDINGS AND RESPONSES

YEAR ENDED JUNE 30, 2024

A. SUMMARY OF INDEPENDENT AUDITOR'S RESULTS

- 1. The auditor's report expresses an unmodified opinion on the financial statements.
- 2. No significant deficiencies relating to the audit of the financial statements were disclosed during the audit.
- 3. No material weaknesses relating to the audit of the financial statements were disclosed during the audit.
- 4. No instances of noncompliance relating to the financial statements were disclosed during the audit.

B. FINDINGS - FINANCIAL STATEMENT AUDIT

None noted.

C. FINDINGS – COMPLIANCE

None noted.
